

Products

Anti-Freeze, Recycled

Contract #: VEH18	OSD Update #: 00-6C
Expiration Date:	08/16/04
Procurement Team Leader:	Ron Whitaker (617) 720-3112
OSD Environmental Contact:	Marcia Deegler (617) 720-3356

Contract Summary: These products are included as part of Contract # VEH18A, Motor Oil, Re-Refined, Anti-freeze and Other Lubricants. This portion of the contract (Category II) provides recycled anti-freeze made from 100%-recycled ethylene glycol in both ready-to-use and concentrated forms and in 1 gallon, 55 gallon and bulk quantities.

Awarded Contractor

Contractor Name	Contact Information	Recycled Anti-freeze Specifications
Antifreeze Technology Systems (ATS) One Seasons Lane Londonderry, NH 03053	Nancy Hamory Phone: 800-799-4449 or 603-432-4444 Fax: 603-432-4746 ATSNH@aol.com	<ul style="list-style-type: none"> All antifreeze meets the cooling, freeze protection, and corrosion resistance requirements of gasoline, diesel, propane and natural gas engines with or without aluminum blocks. Meets latest GM, Ford, Chrysler specifications Meets 11 ASTM Standards Meets ASTM D3306 standards and passes the ASTM D4340 Aluminum Corrosion Test

Anti-Freeze / Washer Solution Pricing*:

Product / Manufacturer	Quantity - Pricing	
Anti-freeze, recycled ATS Ethylene Glycol, Ready-to-use (diluted)	1 Gallon	\$ 3.25

	Bulk (250 gal. min.)	\$ 2.25 / gal.
Anti-freeze, recycled ATS Ethylene Glycol, Concentrate	1 Gallon	\$ 5.75
	55 Gallon drum	\$ 262.35
	Bulk	not available
Windshield Washer Solution, not recycled Ready-to-Use (Taurus Brand)	1 Gallon	\$ 1.15
	55 Gallon drum	\$ 59.40
	Bulk (250 gal)	\$ 1.10 / gal.

*all pricing includes delivery

Product Description:

TechCool Recycled Engine Coolant

- Ready to Use
- Pre-Mix 50/50
- Fully Formulated
- Meets ASTM and OEM Standards
- Approved by General Motors and Penray
- Environmentally Preferable

Value-Added Service: ATS also offers a "closed loop" recycling system for the collection and recycling used antifreeze at no additional cost to customer. Call ATS for details.

Bio-Based Lubricants, Equipment and Automotive

Contract #: VEH18A **OSD Update #:** 00-6C
Expiration Date: **08/16/04**
Procurement Team Leader: Ron Whitaker (617) 720-3112
OSD Environmental Contact: Marcia Deegler (617) 720-3356

Contract Summary: Vegetable oils, or bio-based products as they are often referred to, are included as part of Contract # VEH18A, Motor Oil, Re-Refined, Anti-freeze and Other Lubricants to provide a value-added, environmentally preferable alternative to a variety of petroleum-based products. These products, made from corn, canola, soy, and other vegetable oils are being used to produce a wide range of lubricants.

The majority of companies manufacturing plant-based lubricants have focused primarily on industrial oils. Within this category, certain applications are best suited for plant-based lubricants. These include hydraulic oils, total loss lubricants, metalworking oils and other general oils. The bio-based lubricants contained on this contract meet original equipment manufacturer (OEM) product requirements and use the same American Society for Testing Materials (ASTM) standards as petroleum based fluids.

Users are finding that vegetable oils can offer even better performance than petroleum oils in some applications, with the added benefits of being less toxic, renewable and biodegradable, thus posing a greatly reduced threat to human health and the environment. For instance, when spilled, bio-based products pose NO an immediate threat to the surrounding environment. Conversely, spilled petroleum can contaminate streams, kill vegetation and harm wildlife and carry a costly remediation.

Carpet & Flooring Products and Services, Recycled

Contract #: FAC25	OSD Update #04-04
Expiration Date:	08/01/05 (w/four 12-mo. options to renew)
Procurement Team Leader :	Kristal Doherty (617) 720-3128
OSD Environmental Contact:	Marcia Deegler (617) 720-3356

Contract Summary: This new contract covers the six product categories including modular carpet, broadloom carpet and vinyl composition flooring, most of which contain various amounts of recycled materials, as well as services associated with these **product categories**. The **services** are also available from Service Providers on the contract (labor will be subject to the current prevailing wage rate) include recycling of old carpet for virtually all carpet brands currently on the market, installation and floor preparation and cleaning, maintenance, repair and removal of carpet and flooring

The contract award was made to a pre-qualified list of thirteen (13) product manufacturers. Each of these manufacturers has designated one or more Service Providers (SPs) to sell and install their products to the Commonwealth and process all orders. Contract users may purchase any type of flooring product the Contractors supply under their awarded category, and should use the list of SPs to negotiate the best price and best value for their department. Products may be purchased as "goods only" or with installation & other services.

Product Specifications: All carpet and flooring products meet the specifications for heavy commercial traffic Class II wear, ASTM standards for flammability and static protection, stain resistance and more. Low VOC adhesives will be used and F.O.B. delivery is automatically included.

Value-Added Service: Recycling of Used/Worn Carpet: Under this new contract, **all** Service Providers are working with the manufacturers they represent to recycle virtually **all** used carpet products. The purpose is to eliminate this high volume of waste from the traditional means of disposal, which should serve to conserve landfill space and work toward the overall improvement of air quality.

Product Categories and Contractors

Product Categories	Product Description and Environmental Attributes	Awarded Manufacturers
Modular Carpet, Recycled Content Only	12 " carpet tiles All carpets offered in this category contain a minimum of 10% total Recycled Content (actual post-consumer content may vary)	C&A, Designweave, Lees, Mannington, Mohawk, Shaw
Modular Carpet, Reusable	12" carpet tiles While this carpet may not contain recycled content at the inception, it is capable of being refurbished to the point of rendering it a new carpet, thus avoiding the need and expense of purchasing new carpet.	Milliken Carpet
Broadloom Carpet, Recycled Content and Other	6' and 12' rolled goods These products must contain a minimum of 10% total recycled content, or be able to exceed that minimum within the second year of the contract.	C&A, Designweave, Interface, J&J Industries, Lees, Mannington, Mohawk, Patchcraft, Shaw
Vinyl Composition and/or Plastic Flooring and Tiles, Recycled Content Only	Vinyl tiles and Composition Flooring Plastic Tiles - Interlocking and Other All products must contain a minimum of 10% Total Recycled Content	Mannington, Selectech
Ceramic Tiles, Recycled Content Only	Ceramic Tiles All products must contain a minimum of 15% post-consumer recycled content and a total recycled content of 70%	To Be Determined

Product Categories and Contractors (continued)

Product Categories	Product Description and Environmental Attributes	Awarded Manufacturers
Rubber Flooring, Playground Gym Surfaces and Matting, Recycled Content or Renewable Materials Only	Indoor Minimum 15% post-consumer recycled rubber and/or renewable materials	Freudenberg, SafeGuard, Selectech
Rubber Flooring, Playground Gym Surfaces and Matting, Recycled Content or Renewable Materials Only	Outdoor Minimum 50% post-consumer recycled rubber and/or renewable materials	Freudenberg, SafeGuard
Services	Call SPs for details on services and pricing	

Contractors and Their Service Providers

The manufacturers awarded under this contract to supply carpet and/or flooring products with recycled content are indicated in the table below in the shaded headings. The individual Service Providers (SPs) awarded to represent those manufacturers are also listed. Complete contact information for the SPs and details on how to use this contract is available in the OSD Update.

Cleaning Products, Environmentally Preferable

Contract #: GRO16 **OSD Update #**04-05
Expiration Date: **03/14/06 (w/six 12-mo. options to renew)**
Procurement Team Leader / OSD Environmental Contact:
Marcia Deegler (617) 720-3356

Contract Summary: This **NEW and IMPROVED** contract offers a broad selection of environmentally preferable cleaning products intended to replace the harsh chemical cleansers commonly used for the various applications described below. There are seven different manufacturers, each represented by one or more local distributors. The products now offered on the contract meet a higher environmental standard developed by the independent third party certification agency, Green Seal in their GS-37 standard for Industrial and Institutional Cleaners. Details on the standard can be viewed at www.greenseal.org/standards/industrialcleaners.htm.

In addition, the products have passed a rigorous performance test conducted by the lab at the Toxic Use Reduction Institute (TURI) at UMass Lowell. The tests included several different soil types and surfaces considered most appropriate for the type of cleaner. Virtually all products passed with scores of at least 90% cleaning efficiency or better. Complete test results and a contract summary can be found on the web at [ftp://ftp.comm-pass.com/Data/0140800009.pdf](http://ftp.comm-pass.com/Data/0140800009.pdf)

Many of the suppliers also offer a line of recycled content janitorial paper products and dispensers to go along with the cleaners to make this more of a one-stop contract. For more information, contact the vendor of your choice or one of the state contacts above.

Compost Bins

Contract #:	FAC16
Expiration Date:	01/21/04
Procurement Team Leader:	Kristal Doherty (617) 720-3128
DEP Contact:	Ann McGovern (617) 292-5834

Contract Summary: This contract was issued by DEP with the help of OSD, to make available aerobic, rodent resistant home composting bins suitable for urban, suburban and rural use, along with promotional materials for marketing the bins. While DEP does provide bins to municipalities under the Recycling Grant's Program, political subdivisions can also buy them directly from the state contract. The vendors have also agreed to sell bins to retailers at the Contract prices.

In addition, this Contract provides for truckload sales events to be conducted by the vendor in collaboration with DEP, municipalities or other state agencies. Vendors are responsible for advertising and promoting the compost bin sale using newspaper inserts and/or advertisements, flyers and posters. Contact the vendors for more detailed information regarding their truckload sales programs.

Compost and Mulch, Recycled

Contract #: FAC19	OSD Update # 01-08C
Expiration Date:	06/13/04 (new contract FAC24 to be awarded by early 2004)
Deputy Procurement Team Leader:	Michelle Bessler (617) 720-3139
OSD Environmental Contact:	Marcia Deegler (617) 720-3356

Contract Summary: The actual title of this contract is Farm, Lawn, Garden & Outdoor Application Products, as it currently includes pesticides, recycled mulch products, and nursery items, as well as the traditional fertilizers and pesticides.

As of January 2004, a new contract #FAC24 should be awarded. It is anticipated that it will include some new ecological landscaping products, such as several different types of organic fertilizers, non-chemical pesticides, recycled rubber ground cover (also good for playground surfaces) and environmentally preferable soil erosion control products.

For more details on the current products and pricing, contact the contractor listed below. For information on the upcoming contract, call one of the OSD contacts above.

Electrical and Lighting Supplies and Equipment, Energy Efficient

Contract #: FAC22	OSD Update # 00-15C
Expiration Date:	07/12/05 (w/three 24-mo. options to renew)
Procurement Team Leader:	Michelle Bessler (617) 720-3139
OSD Environmental Contact:	Marcia Deegler (617) 720 - 3356

Contract Summary: This contract provides for a wide variety of lighting materials, including incandescent and fluorescent bulbs, and various ballasts, exit signs, as well as a variety of value added services.

Fluorescent bulbs use less energy and last considerably longer than incandescent bulbs. For example, to power one hundred 75-watt incandescent bulbs for 12 hours/day, 5 days/week, for one year, costs approximately \$1800/year. To power the equivalent capacity using compact fluorescent lamps (20 watts each), the cost would be \$420/year; or **a savings of \$1380 per year on electricity alone.**

Energy-Saving Products Available:

- Compact and straight fluorescent lamps
- Energy saving incandescent bulbs
- Energy Efficient Ballasts
- Energy Efficient EXIT signs & retrofit kits

Value-Added Services:

- conducts free energy audits
- provides free Return on Investment for retrofit energy efficient retrofit projects
- lighting training sessions (contact contractors or OSD)
- provide utility rebate information at www.branchelectric.com
- free trouble shooting & technical assistance

Contractor Information

Product Pricing: Customers should view the catalogs of the awarded contractors to see the full product line available for each. Contractors will also send a Commonwealth price list upon request.

How to use This Contract: View OSD Update on www.Comm-PASS.com (http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=007691) or contact the contractors for full details and pricing.

See the **Services Section** of this guide for the **recycling** of lamps and ballasts

Express Delivery Services

Contract #: OFF11 / ST1J291 OSD Update#01-32A
Expiration Date: 04/01/04 (w/three 12-mo. options to renew)
Procurement Team Leader: Bob Guerard (617) 720-3321
OSD Environmental Contact: Marcia Deegler (617) 720-3356

Contract Summary: This contract provides for Express, Next Day and Second Day Delivery Services through United Postal Service (UPS) at special rates for Commonwealth contract users.

Value-Added Feature: As an added value, UPS uses many products that contain recycled content and/or are reusable. Some of these include:

- UPS Letters (Next day and Second day) containing 100% total recycled content, 80% post-consumer content and are reusable.
- UPS boxes containing 100% total recycled content, 78% post-consumer content.

To see a full list of their many corporate environmental initiatives, visit their website, at www.community.ups.com.

How to Use this Contract: See OSD Update listed above for information on pricing, delivery services, training options and more, at <http://www.state.ma.us/osd/memo/updt0132a.pdf>.

Fitness Equipment, Reconditioned

Contract #: OFF14
Expiration Date: 08/11/05 (w/two 12-mo. options to renew)
Procurement Team Leader: Gloria Harris (617) 720-3305
OSD Environmental Contact: Dmitry Nikolayev (617) 720-3351

Contract Summary: This contract provides access to a wide variety of equipment, supplies and services in the following categories:

Category	Description
Category 1	Recreational Equipment, Accessories and Supplies
Category 2	Athletic Equipment, Accessories, Supplies and Services
Category 3	Physical Fitness Equipment, Accessories, Supplies and Services
Category 4	Refurbished and/or Reconditioned Equipment, Supplies and Services

Purchasing reconditioned fitness equipment (covered by Category 4 above) presents an opportunity to achieve significant savings while obtaining high quality equipment. All equipment supplied in this category will be furnished in "like-new" condition and will be warranted to free of defects and meet accepted standards and specifications. The contractor has been certified to perform equipment remanufacturing/refurbishing by the original equipment manufacturers (Cybex and Bodyguard).

Contractor Information

Contractor	Contact	Phone / Fax	Address	Products
Precision Fitness Equipment	David Aykanian	Phone: 508-655-0288 Fax: 508-655-8580	217 West Central Street Natick, MA 01760	Reconditioned treadmills, bikes, climbers

How to Use this Contract: Call the contractor for product availability and pricing.

Foodservice Equipment, Efficient

Contract #: GRO C7
Expiration Date: 03/14/04 (w/one 24-mo. option to renew)
Procurement Team Leader: Michelle Bessler (617) 720-3139
OSD Environmental Contact: Dmitriy Nikolayev (617) 720-3351

Contract Summary: The contract covers a wide range of institutional and commercial grade foodservice equipment such as but not limited to dishwashers, grills, broilers, ovens, refrigerators, freezers and ice machines. Many of the models available are energy, gas and/or water efficient. While Energy Star ® guidelines are available only for commercial solid door refrigerators at this time, in addition to refrigerators, the contractors will be able to advise you on the energy, water, or gas usage of ovens, ice machines, dishwashers and other equipment.

Company Name	Contact Person	Location	Phone Number

Glass Beads, Recycled

Contract #: VEH-39 **OSD Update #:** 02-34
Expiration Date: 03/22/04
Procurement Team Leader: Ron Whitaker (617) 720-3112
OSD Environmental Contact: Marcia Deegler (617) 720-3356

Contract Summary: This contract is a multi-state award coordinated by the state of Maine. These beads are made from 100% pre-consumer recycled glass and are to be used in roadway painting operations to improve the night visibility of the paint. Potters Industries is offering one type of bead in a standard size. See below for a description and pricing.

Contractor and Product Information

Contractor Name	Contact	Bead Type & Price	Specifications
Potters Industries, Inc. PO Box 8500-S-7815 Philadelphia, PA 19178 www.pottersbeads.com	Beth Miskewicz Phone: 610-651-4700 Fax: 610-408-9723	Standard Size Beads \$0.2075 per pound	<ul style="list-style-type: none"> resistant to traffic wear and effects of weathering spherical in shape 80% true spheres as per A.S.T.M. Method of Test D-1155 silica content shall be not less than 60% refraction index ranges 1.50 to 1.60

How to Use this Contract: To order from this contract or to receive additional information on bead specifications, please contact the contractor. This summary is also provided in the OSD Update available on Comm-PASS (http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=013644).

Hospital Supplies, Remanufactured or Used

Contract #: HSP18	OSD Update # 01-42
Expiration Date:	06/28/04 (w/two 12-mo. options to renew)
Procurement Team Leader:	Peter Sasso (617) 720-3307

Contract Summary: This contract offers a broad range of hospital supplies from numerous contractors. Please note that not all equipment is available nor inventoried by every contractor identified below. Within the list of items awarded to each contractor remanufactured and/or used equipment is offered - sometimes upon request and otherwise on an "as available" basis only. Depending on equipment and manufacturers these items often carry a different warranty than if purchased new.

Types of equipment available as remanufactured and/or used (may not be available from every contractor):

- Lifts and Transfer devices
- Bathing systems, Rehab equipment
- Batteries, exchanged / recycled
- Alarm Systems/Accessories
- Stretchers, Wheelchairs
- Beds: Medical/Surgery/Specialty
- Durable Medical Equipment
- Specialty Equipment, Furnishings
- Overweight Patient Equipment

Product Pricing: Cost savings can range from 10%-50% depending on equipment and vendor. Please call appropriate vendor for more information.

Motor Oil, Re-Refined, Antifreeze and Other Lubricants

Contract #: VEH18	OSD Update # 00-06D
Expiration Date:	08/16/04
Procurement Team Leader:	Ron Whitaker (617) 720-3112
OSD Environmental Contacts:	Marcia Deegler (617) 720-3356

Contract Summary: Products available on this new contract include:

- Motor oil, various weights
- marine/specialty oils
- Hydraulic oil, gear oil
- transmission & brake fluids

Additionally, users may select **bio-based lubricants** (which are considered biodegradable and derived from non-petroleum sources) in the following categories: hydraulic oils, marine/specialty oils, greases and gear oils, and brake fluids.

Product Specifications

- All re-refined motor oils included in this contract are licensed by the American Petroleum Institute Engine Oil Licensing and Certification System (API-EOLCS) and meet the performance specifications of the major auto and equipment manufacturers. As a result, **these products will absolutely not void warranties**. Motor oils are available in quarts/cases, 5 gallons containers, 55-gallon drums and bulk quantities.
- All other oils and lubricants (including the bio-based) on the contract are certified to meet the appropriate ASTM standards and manufacturers specifications and are available in various quantities.
- Contractors will be required to **take back empty drums at no additional cost** to customers.
- Contractors offer a 300-gallon storage tank for motor oil products for contract users. Contact Dennis K. Burke for more information.

Contractor Information

Contractor Name	Contact Information	Products Offered

Paper and Envelopes, Recycled

Contract #: OFF05	OSD Update # 99-20G
Expiration Date:	11/06/04
Procurement Team Leader:	Bob Guerard (617) 720-3321
OSD Environmental Contact:	Marcia Deegler (617) 720-3356

Contract Summary: Commonwealth of Massachusetts state agencies have been purchasing **ONLY** recycled paper since 1994. This comprehensive agreement currently contains five office paper product categories as shown in the table below. All products under this contract contain a minimum of 30% post-consumer recycled content in line with both state and the federal government established guidelines. These paper products also meet the specifications for brightness and archival quality equivalent to their virgin counterparts.

Worcester Envelope	Don Mitchell Phone: 508-832-5394 Fax: 508-832-3796 koberg@worcester-envelope.com	Category #5: Envelopes, White and Kraft and Tyvek
Sir Speedy Corp. (Creative Print Management)	Fred Cassrey Phone: 800-653-8838 or 401-725-2003 Fax: 401-725-2499	Category #6: Envelopes, Mail and Return

Product Information: There are **over two dozen types of office papers** offered on this contract from both Lindenmeyr Munroe and xpedx. It is suggested that customers purchase in the largest quantity possible, as costs are discounted as the number of cases ordered increases.

The **multiple brands of copy paper** now available on this contract include the following:

Great White	Domtar Recycled Copy	Hammermill Fore MP	Springhill	E-Color
Fusion	IBM Multipurpose Recycled	Wausau Multipurpose	Rolland	New Life
Plainfield	Mohawk Digital Satin			Repro

All papers on contract meet or exceed both the federal and state standards for recycled content. **All** are acid-free / archival quality and meet the same ANSI / NISO standards as virgin paper.

Product Pricing: Contract Pricing is updated semi-annually in November and May. Current pricing is available in the OSD Update.

How To Use This Contract: Buyers may directly call the vendors listed above to order or receive pricing quotes. The OSD Update indicated above also provides a full list of products and pricing from each of the awarded vendors at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=007957.

PCs and Peripherals

Contract #: ITC05	OSD Update # 00-04A
Expiration Date:	07/31/04
Contract Manager:	Dick Mordaunt (617) 720-3302
OSD Environmental Contact:	Dmitriy Nikolayev (617) 720-3351

Contract Summary: This contract contains a broad range of computer and peripheral systems that are Energy Star compliant. In addition, the RFR provided Bidders with the opportunity to win points for products which were manufactured with less toxic materials, designed for recyclability, contain recycled content in the plastic housing, CRT glass or other parts and were shipped in recycled or reduced packaging. See the RFR for details on environmental criteria used in the RFR or contact the OSD environmental contact above.

All desk top machines on this contract are required to be shipped with the **energy star feature enabled**, per state procurement guidelines outlined in the OSD Procurement Policies and Procedures Handbook. To realize the energy and cost savings associated with energy star machines, this feature must remain enabled or re-established following machine set up. Ask your MIS department to make sure that energy star features are in place throughout your office.

Photocopier Equipment, Supplies & Service (Continued)

Product Specifications

Energy Saving Equipment

- ◆ All photocopiers are ENERGY STAR Compliant including such features as the ability to power-down when not in use to conserve electrical energy and default to duplex in medium/ high speed models to save paper

Remanufactured Equipment and Supplies

- ◆ Remanufactured copiers will be available under this contract; consult with contractors for specific models and availability
- ◆ All remanufactured equipment must be certified by the OEM and Underwriters Laboratories(UL) and have a good service history
- ◆ Warranties provided by contractors will not change for remanufactured equipment

Other Environmental Features

- ◆ Contractors are encouraged to work with OSD to establish recycling programs
- ◆ Equipment manufactures are being encouraged to “design for recyclability” in new equipment models (allowing for easy disassembly of used equipment for recycling)
- ◆ Warranties and service contracts will not fault the use of recycled paper and/or remanufactured toner cartridges or other supplies for equipment failures
- ◆ Use of packaging materials with recycled content is encouraged

Service/Leasing/Rental Contracts

Maintenance and Service and Leasing and Rental of the equipment offered on this contract may be obtained by referencing the following Master Service Agreements:

ST9L461 - Maintenance/Service Plan

ST9L261 - Rental of Equipment

EnergyStar Facts: Beyond Energy Savings

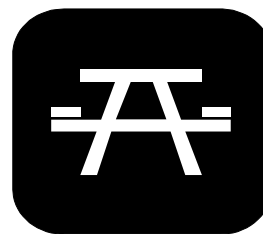

- ★ EPA's EnergyStar program has been successful in partnering with office equipment manufacturers representing 85% - 95% of the market to make power management features available to product users.
- ★ There is no additional cost at the time of purchase for Energy Star® compliant equipment.
- ★ Using EnergyStar® labeled equipment helps reduce the air pollution (including significant emissions of sulfur dioxide, nitrogen dioxide, and carbon dioxide, which are contributors to the problems of smog, acid rain and global climate change) associated with energy generation.
- ★ A copier with a duplexing mode can save \$50-\$150 per year on paper purchases.
- ★ Equipment will produce less heat when powering down, contributing to a cooler more comfortable workspace, lowering air-conditioning costs, and helping reduce equipment failure leading to a longer copier life.
- ★ If all copiers sold in the US were EnergyStar® labeled and set to automatically default to duplex, the amount of paper used could be reduced from more than 700 billion sheets to 500 billion sheets - this adds up to a savings of one million tons of paper, enough to go around the world 1,400 times and save an estimated 20 million trees!

More detailed information

is available on the EnergyStar® website at www.epa.gov/office, or the EnergyStar® hotline at 1-888-STAR-YES

Plastic Lumber, Recycled

Contract # FAC20	OSD Update # 00-30A
Expiration Date:	05/19/04 (w/two 24-mo. options to renew)
Procurement Team Leader:	Michelle Bessler (617) 720-3139
OSD Environmental Contact:	Marcia Deegler (617) 720-3356

Contract Summary: OSD is pleased to announce the awarding of this multi- year contract for Plastic Lumber, Recycled, and Other Recycled Plastic Products, covering the following eight categories:

Category	Description
Category 1	Outdoor Benches and Tables (including metal-frame furniture and all plastic lumber furniture)
Category 2	Dimensional Lumber (used for constructing decks, fences, wetlands walkways, etc.)
Category 3	Site Amenities (trash cans, stands, landscaping timbers, decorative planters, etc)
Category 4	Playground Equipment (swings, bridges, slides, etc.)
Category 5	Traffic Control Products (speed bumps, parking stops)
Category 6	Fencing
Category 7	Signs
Category 8	Partitions (bathroom)

Product Benefits: Plastic lumber products are:

- Non-porous and thus will not splinter, peel, rot, crack, split or degrade
- Impervious to wood destroying organisms
- Virtually maintenance free
- Long lasting (50 years plus, depending on the application)
- Waterproof
- Graffiti and stain resistant and easy to clean
- Resistant to cold, salt and most corrosive substances.
- Require no painting or sealing and are available in many colors
- Lasts 15-20 years in underwater marine applications and well over 50 years in construction applications such as decks.
- Contains no hazardous chemicals and cannot leak or contaminate soil.

Although the up-front cost is generally higher than wood, the above mentioned qualities make it the material of choice for exterior applications where weather resistance and low maintenance cost are required. Products contain a range of recycled content including post-industrial (signs and partitions) and up to 100% post-consumer (benches, tables, lumber, site amenities).

In FY2001, the Metropolitan District Commission (MDC) launched a project in conjunction with the Massachusetts Executive Office of Environmental Affairs Charles River Watershed Team to help restore non-functional fish ladders on the Lower Charles River. These fish ladders will help restore fish migration routes and maintain a healthy ecosystem.

Plastic lumber, which has a lifetime use of 15-20 years in underwater marine applications and releases no toxins, was used in the construction of the fish baffles. As a result of their initiative, MDC has been presented with the award for Most Innovative Program.

How to Use this Contract: To order from this contract, please contact the appropriate Contractor(s) and request product catalogs and quotes. We suggest calling several vendors to take advantage of the wide variety of products and styles available.

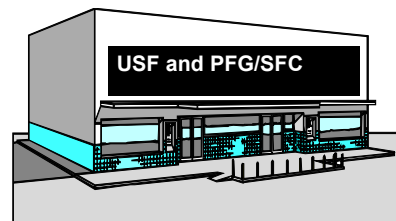

Recycled and Environmentally Preferable Products Guide to Massachusetts Statewide Contracts

Prime Grocer Contract

Contract #: GRO14 **OSD Update #:** 02-33
Expiration: 12/31/07 (w/five 12-mo. options to renew)
Procurement Team Leader: Betty Fernandez (617) 720-3133
OSD Environmental Contact: Marcia Deegler (617) 720-3356

Contract Summary: The Prime Grocer Contract incorporates hundreds of different products (that you would normally find in a grocery store) into one comprehensive contract. There are now two Prime Contractors that provide products under this contract: US Foodservice (USF) and Springfield Foodservice Corporation (SFC).

Contractor Information

Contractor	Contact	Phone	Address	Email / Website
US FoodService, Inc. (USF)	Jeff Schaefer Account Executive	617-389-3300 800-732-3350	201 Beacham Street Everett, MA 02149	Jshaefer@usfood.com www.usfoodservice.com

Product Information

Product Type	Specifications
Foodservice and Janitorial Paper Products	<ul style="list-style-type: none"> Paper Towels (minimum 40% post-consumer, 100% total recycled content) Facial Tissue (minimum 10% post-consumer, 100% total recycled content). Both towels and facial tissues are also non-chlorine bleached, or unbleached Toilet Paper (minimum 20% post-consumer, 100% total recycled content) Napkins (minimum 30% post-consumer, 100% total recycled content); available in various sizes & types Paper Plates, Bowls & Trays (100% pre-consumer recycled content / compostable in most programs) Polystyrene Plates, Bowls & Trays (minimum 15% post-consumer recycled content)
Recycled Textile Products	<ul style="list-style-type: none"> Wipes, Disposable (recycled content) – supplier pending
Recycled Plastic Products	<ul style="list-style-type: none"> Trash Bags, Polyethylene (minimum 20% post-consumer recycled content); available in various sizes/strengths
Environmentally Preferable Control Products	<ul style="list-style-type: none"> OdorGone is an all purpose, non- toxic, biodegradable blend of essential plant extracts that absorb and destroy odors on contact, leaving your home and the environment fresh, clean, and natural. OdorGone products are available from either GRO14 vendor by special order, or directly from Odorgone at odorgone@aol.com
Organic / Local Foods	<ul style="list-style-type: none"> Organic and/or local grown foods from Pioneer Valley Local Growers Association (See OSD Update #02-33 for details).

Product Pricing: Call the one of the contacts below for any questions.

How to Use this Contract: Customers should consult the product catalog to obtain the Commonwealth discount pricing for this contract. **How can you locate EPPs offered under this contract?**

- Both the USF and SFC catalog contains an introductory page that highlights all recycled and environmentally preferable products (EPPs) offered under the contract, as well as those that are available through Special Order (SPO).
- Within the USF catalog list of items, the letter "R" will appear in the column just before the price column for all "recycled and other environmentally preferable products".
- Also, check the OSD Update and price lists at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=010100 for detailed information on vendors, products and pricing.

Printing, Photocopying & Mailing Services

Contract #: OFF15 **OSD Update #**03-25
Expiration: 4/7/08 (w/five 12-mo. options to renew)
Procurement Team Leader: Robert Guerard (617) 720-3321
OSD Environmental Contact: Dmitry Nikolayev (617) 720-3351

Contract Summary: This contract provides customers with a pre-qualified lists of contractors in the following three categories:

- **Category A. Printing Services (Group 1- Copy Centers, Group 2 - Commercial Printers)**
- **Category B. Mail Services Providers**

For each of the contractor groups, environmental specifications were developed.

Category A. Printing Services.

The following information applies to both copy shops and commercial printers:

- All contractors must use **recycled paper with a minimum 30% post-consumer content**. For coated stocks used for color offset printing this requirement is 10%.
- The **recycled logo and/or the words “Printed on Recycled Paper”** will be automatically included on all printed materials.
- Printing on **100% post-consumer recycled, chlorine free or “tree-free” paper** in various textures and colors may also be available from some of the contractors. Please contact the vendors for availability and pricing.

Since some of the contractors service specific parts of the state, regional awards were made in addition to statewide (see Contractor Information table). The regions were designated as follows:

#	Region Name	Counties
1	West	Berkshire, Franklin, Hampshire, and Hampden
2	Central	Worcester
3	Northeast	Middlesex, Essex

#	Region Name	Counties
4	Boston	Norfolk, Suffolk Counties
5	Southeast	Plymouh, Bristol, Barnstable
6	Cape Islands	Dukes, Nantucket

Please note, additional awards may be made in this category. The OSD Update for the contract will contain the final list of contractors (see How to Use This Contract for the link).

Group 2. Commercial Printers – Contractor Information

Offset printing services (performed by contractors in Group 2) are associated with a number of significant of environmental and public health impacts throughout the life-cycle of a printed document. Many of such impacts are related to the use of chemicals that may be toxic in the printing process. In collaboration with the Office of Technical Assistance (Executive Office of Environmental Affairs) and the Environmental Results Program (Department of Environmental Protection), OSD developed a set of environmental guidelines for printers. All contractors are encouraged to implement environmental stewardship initiatives that exceed the requirements of the current environmental regulations.

The environmental stewardship initiatives include:

- Equipment and technologies preventing waste and reducing pollution (e.g. digital pre-press systems, solvent recovery systems, etc.);
- Recycling paper, cardboard, used pallets and waste inks;
- Environmentally preferable chemicals for printing (formaldehyde-free photochemicals, vegetable-based or water-based inks, low-VOC adhesives, etc.)

To measure to what extent the contractors have implemented the environmental initiatives, each contractor was awarded an environmental score (see Contractor Information table for Group 2). The maximum possible environmental stewardship score for a commercial printer is 25. **To reward companies that implemented such environmental stewardship initiatives, please give your preference to printers with higher environmental scores.**

Category B. Mail Service Providers

Contractors in this category provide automated customized mailing of printed materials to recipients specified by contract users. In addition to direct mail services, the contractors may offer mail pick-up and pre-sorting services, which allow contract users to save on postal expenses. All contractors in this category are required to either return any leftover materials to the contract user or recycle them. Recycled programs for both paper and corrugated cardboard are required. In addition to that, all contractors have agreed to work with OSD to implement various additional environmental initiatives.

It is important to note that **avoiding mailing a paper copy of a document will provide more significant savings for the contract user as well as for the environment.** Electronic means of information dissemination through email and the Internet should be explored whenever possible. Often such means of outreach result in the reduction in labor and printing costs in addition to mail expenses, since they eliminate the need to design and print direct mail pieces.

*This vest was designed according to Massachusetts Highway Department specifications

How to Use this Contract: More information on this contract can be found in the OSD Update at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=009738 or by contacting the contractor.

Tires, Retread

Contract #: VEH21	OSD Update #: 00-19
Expiration Date:	10/31/04 (w/two 12-mo. options to renew)
Procurement Team Leader:	Ron Whitaker (617) 720-3112
OSD Contact:	Marcia Deegler (617) 720-3356

Contract Summary: The title of the contract is "Tires and Tubes, New and Retread." This is the first statewide contract providing tire retreading services for Commonwealth customers. Contractors also provide a wide range of related services ranging from tire mounting, dismounting and balance to tire maintenance training and comprehensive tire management programs.

Tire retreading, the application of new tread on used casings, is a widely used technology. Both contractors, Pete's Tire Barns, Inc. and Sullivan Tire Co., Inc., are using a process and materials developed and provided by Bandag, Inc., a company specializing in retreading for over 40 years.

Retreading makes good economic sense. Retread tires cost on average 30 to 50 percent less than comparable new tires. Since 75 percent of the materials used to manufacture a tire remain in the casing, retreading saves natural resources and energy. It also diverts millions of scrap tires from landfills annually and cuts tire disposal costs for those who take advantage of the service.

Contractor Information

Contractor	Contact	Address	Phone / Fax	Email
Pete's Tire Barns, Inc.	Earl Richmond	275 East Main Street Orange, MA 01364	Phone: (781) 391-1210 Fax: (781) 391-6143	Info@petestire.com
Sullivan Tire Co., Inc.*	John E. Donovan	41 Accord Park Drive Norwell, MA 02061	Phone: (781) 982-1550 Fax: (781) 871-8770	

* **Region 3 Award** (Essex, Middlesex, Suffolk, Norfolk, Bristol, Plymouth, Barnstable, Dukes and Nantucket counties)

Product Pricing: Awarded contractors offer a percentage off the Manufacturers Dated Price List. Please contact the contractors for price catalogues. Related services such, as tire mount/dismount, balance and disposal of small quantities of tires, are offered on a specific price basis. Discount percentages and specific prices for related services are available in OSD Update.

Sample Cost Comparison: Selected Rear Wheel Treads **

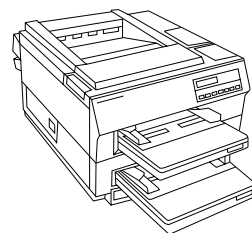

Tire Size		New	Retread	Potential Savings
LT235/85R16	Michelin LTX M/S \$ 128.37	Cooper Discover LT \$ 72.58	Bandag ATR LT \$ 67.62	\$4.96- \$60.75
11R22.5	Michelin XDHT \$ 320.91	General D460 \$ 193.09	Bandag Ultra Drive \$ 116.94	\$96.15 - \$203.97
11R24.5	Michelin XDHT \$347.30	General D460 \$206.61	Bandag Ultra Drive \$ 120.75	\$85.86 - \$226.55
1000R20	Michelin XML S4 \$ 292.04	General Ameri Lug \$ 190.74	Bandag Torque Master\$ 110.85	\$79.89 - \$181.19

**For illustrative purposes only. Please refer to Contractors for catalogs with current prices.

How to use this contract: There are several ways of taking advantage of the new tire retreading contract. An agency may retread its own casings; it can also buy retreads on casings provided by the Contractors. In addition, a purchasing department can send a retreadable casing to a retreader without buying a retread tire with a credit towards a future purchase. For percentages off the Manufacturers Dated Price List for retreads and pricing for related services also see OSD Update at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=007084.

Toner Cartridges, Laser Printer, Remanufactured

Contract #: OFF06	OSD Update #: 99-37F
Expiration Date:	02/10/04 (w/one 12-mo. option to renew)
This contract may be superseded by OFF16 prior to expiration date)	
Deputy Procurement Team Leader:	Gloria Harris (617) 720-3305
OSD Environmental Contact:	Dmitriy Nikolayev (617) 720-3351

Contract Summary: This contract will satisfy all your printer cartridge needs, as each of the four Contractors is committed to providing the highest quality remanufactured cartridges. Customers can be assured that equipment warranties, including HP, will not be voided using remanufactured brands as these products meet all OEM standards including those for print quality and performance and carry lifetime satisfaction guarantees. Remanufactured cartridges represent tremendous cost savings over OEM help to prevent nearly 80,000 tons of waste generated by the cartridge industry from going to landfills.

In addition, all of these contractors will take back all used cartridges for recycling. They are also responsible for making any necessary repairs and/or replacements for any printers or parts damaged by a faulty cartridge.

Contractor	Contact	Affirmative Market Program Initiatives	Reman. or OEM

Product Pricing: Remanufactured cartridges can sometimes save buyers as much as 60% depending on the cartridge model. See OSD Update for a comprehensive list of products and pricing from each contractor.

How to Use This Contract: Customers may download a copy of the OSD Update from Comm-PASS at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=004980. Additional information is also available from contractors.

Traffic Cones and Safety Products, Recycled

Contract #: VEH49 **OSD Update #:** 03-06
Expiration Date: **05/31/04**
OSD Environmental Contact: Marcia Deegler (617) 720-3356

Contract Summary: This new statewide contract now contains not only recycled traffic cones, but channelizer drums and flexible delineator posts as well. This multi-state contract includes the states of Maine, Massachusetts, Michigan, New Jersey, New York, Vermont, Wisconsin, and, with New York State acting as the lead Bidder.

The contract offers five different size traffic cones with and without reflective sheeting bands. There are leveled discounts built into the pricing for larger quantity orders. To obtain such discounts, various sizes and types of cones may be combined into one order. In addition, stenciled lettering is available (up to seven letters per cone) at **no charge**. The contract also offers five sizes of flexible delineator posts and four style options for channelizer drums.

Product Descriptions: All products offered on this contract are made with the following percentages of recycled plastic:

- **Traffic cones** - total of 58% recycled content plastic (including a minimum of 8% post-consumer content)
- **Flexible delineator posts** - a total of 51% post-consumer recycled content
- **Channelizer drums** – range from 52% to 82% total recycled content (including 8% - 79% post-consumer content depending on the product).

Vehicles, Electric (Zero Emission)

Contract #:	VEH08 (expired)
New contract pending – to be called Vehicles, Zero Emission (ZEV)	
Procurement Team Leader:	Ron Whitaker (617) 720-3112
Environmental Contact:	Marcia Deegler (617) 720-3356

Contract Summary: The new statewide contract will include compressed natural gas (CNG) vehicles and electric pick-up trucks and passenger vehicles, also known as zero-emission vehicles (ZEVs). ZEVs are being purchased in Massachusetts as a result of Federal and State Executive Orders and as a way of dramatically reducing various types of air pollution, including particulate matter, ground level ozone, sulfur dioxide, nitrous oxide and carbon dioxide. The contract also provides for inductive and conductive charging stations, which are necessary to charge these vehicles. Because ZEV technology is changing rapidly, OSD recommends that all acquisitions from this contract be made through a lease.

Contractor Information

Manufacturers	Contacts	Types of Vehicles	Battery Type
To Be Announced			

How to Use this Contract: The upcoming OSD Update will include a list of vehicles offered by each awarded vendor as well as their respective pricing. Customers may also contact OSD for information on vehicle specifications and contract terms.

Vehicles, Hybrid

Contract #: VEH34	OSD Update # 01-37A
Expiration Date:	05/06/04 (w/one 12-mo. option to renew)
Procurement Team Leader:	Ron Whitaker (617) 720-3112
Environmental Contact:	Marcia Deegler (617) 720-3356

Contract Summary: As part of the Commonwealth's efforts to reduce emissions of greenhouse gases, and generally minimize the Commonwealth's impact on the environment, the Commonwealth of Massachusetts established a Statewide Contract for the purchase of Toyota Prius Hybrid Vehicles. This contract will allow departments and political subdivisions to purchase fuel-efficient and cleaner vehicles for inclusion in their fleets. Please note that there is a 36-month leasing option available.

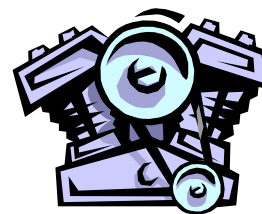

Contractor and Product Information

Contractor	Contact	Phone	Address	Type of Vehicles	Pricing
Toyota of Weymouth	Adam Vogel	(781) 337-2000	710-720 Bridge Street Weymouth, MA 02191	Toyota Prius (compact)	\$ 20,536

How to Use this Contract: See OSD Update for details on delivery, pricing, standards features and more at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=010513. Customers may also contact OSD for information on vehicle specifications and contract terms.

Vehicle Parts, Motorized Accessories/Supplies

Contract #: VEH11 A	OSD Update # 99-39D
Expiration Date:	03/22/04 (w/one 12-mo. option to renew)
Procurement Team Leader:	Ron Whitaker (617) 720-3112
OSD Environmental Contact:	Marcia Deegler (617) 720-3395

Contract Summary: This contract establishes a list of qualified vendors to provide motorized vehicle parts, accessories and supplies, some of which are remanufactured. The contract is awarded both on a statewide and regional basis.

Contractor Information: The two vendors below currently supply remanufactured parts and/or accessories, and others may be added during the term of the contract through the open enrollment process. Interested users should consult OSD Updates for the most recent information on vendors and pricing and for a definition of the various regions.

Water Treatment Chemicals - Pool Ionization

Contract #: FAC17	OSD Update # TBA
Expiration Date:	10/28/04 (w/ two 24-mo. options to renew)
Procurement Team Leader:	Kristal Doherty 617-720-3128
OSD Environmental Contact:	Marcia Deegler 617-720-3356

Contract Summary: While this contract was primarily awarded to provide conventional water treatment chemicals for such applications as drinking water, waste water, boiler plants and swimming pools, there is also a separate category included for the anti-microbial water treatment technology known as “pool ionization” for use in commercial pools .

Product Information: Pool Ionization, already in use in some commercial/public swimming pools in Massachusetts, represents an environmentally preferable alternative to the traditionally heavy use of chlorine and other chemicals. Ionization as it is applied to swimming pools, is the process of using a low voltage current to disperse positively charged copper and silver ions into the water. Since bacteria is negatively charged, these particles are attracted to the ions and are killed off as the charge penetrates the cell walls. The destroyed microorganisms clump together and are easily removed by the pool filter. **These systems result in a reduction of up to 80% in the use of chlorine.**

Commercial ionization units typically consist of a micro processor control box and a set of electrodes composed of copper and silver that are set slightly apart from one another in a cartridge at the site of the pool filter. The control box generates a precise low voltage DC current at that travels between the electrodes and produces positively charged ions. Furthermore the water leaving the filter carries some of the ions into the pool, where the ions continue to kill bacteria, viruses, algae and fungi. The design of the control box varies by manufacturer and the installation depends on the type of pool. Please note that all systems offered are approved by the National Sanitation Foundation(NSF) and Massachusetts Department of Health. Reference **Commodity Code # 887-01-05-2045.**

Contractor Information

Contractor	Contact Person	Statewide or Regional	Products / Services Offered
Water Purification Associates 2 Rockwood Terrace Jamaica Plain, MA 02130	James Cochin Phone: 888-214-0999 or 617-524-3160 Fax: 617-524-8042 jrcwpa@msn.com	Statewide	1) All equipment, products and services necessary to install, maintain and service the ionization technology, including training to customers and pool operators as needed. Manufacturer - Superior Aqua Enterprises
Conservation Solutions Corporation 162 Great Road Acton, MA 01720	Dan Cook Phone: 888-266-1945 or 978-266-1900 Fax: 978-266-1976 consvsol@aol.com	Statewide	1) All equipment, products and services necessary to install, maintain and service the ionization technology, including training to customers and pool operators as needed. Manufacturer - Caribbean Clear 2) Scale Removal for Pools/Spas Manufacturer - Nexteq Systems 3) “Chemical Free” treatment for boilers, cooling towers & chillers (see vendor for details)

How to Use This Contract: Customers should call the contractor(s) listed above for catalogs and full details on products and services offered by each and the pricing relevant to the specific usage and pool size of the application involved. Calls may also be made to the OSD contacts for information on the many environmental and health benefits of ionization, the negative health issues associated with chlorine, particularly in a pool situation and considerations to make in comparing the cost of both methods.

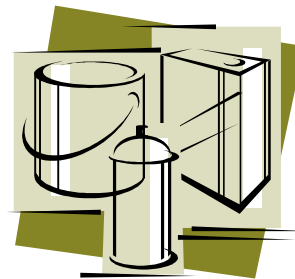

Master Service Agreements

Asbestos and Lead Paint Abatement Services

Contract #: ST1J211	OSD Update #: 01-41A
Expiration Date:	03/25/04 (w/three 24-mo. options to renew)
OSD Procurement Team Leader:	Michelle Bessler (617) 720-3139
OSD Environmental Contacts:	Marcia Deegler (617) 720-3356 Dmitriy Nikolayev (617) 720-3351

Contract Summary: The contract provides a pre-qualified list of contractors offering asbestos and/or lead abatement services with a total value of less than \$10,000 per job. Any jobs over that amount must follow normal competitive procurement procedures. The contract was awarded on a regional basis with each contractor offering services within their normal business area. Fourteen asbestos/lead paint abatement contractors have been awarded so far.

How to Use this Contract: Detailed information on their services, geographical coverage, hourly rates, minimum service and travel charges, etc. is available on Comm-PASS at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=010205&cp_xx=

Fluorescent Lamp, Ballast, Computer and Cathode Ray Tube (CRT) Recycling

Contract #: FAC26 (MMARS# ST7J211)	OSD Update #: 03-12A
Expiration Date:	10/14/04 (w/four 12-mo. options to renew)
OSD Procurement Contact:	Kristal Doherty (617) 720-3128
OSD Environmental Contact:	Marcia Deegler (617) 720-3356
DEP Contacts:	Jim McQuade (617) 348-4095
	Peggy Harlow (617) 292-5861

Contract Summary: This Master Service Agreement provides for the collection and recycling of waste materials in two categories:

Category	Description
Category A	Collection and Recycling of Fluorescent, HID and Other Lamps, Ballasts and Mercury Containing Devices
Category B	Collection and Recycling of CRT-Containing Electronics, Computer Components, Computer Peripherals and Miscellaneous Electronics

Mercury is a highly toxic material, which, if released, can damage the human nervous system, and can lead to toxic build up in fish and other wildlife. Thus proper management of fluorescent lamps, which contain mercury, is an integral part of the Commonwealth's efforts to continue improving the condition of our environment. In addition, Cathode Ray Tubes (found in TVs and computer monitors) and which have been banned from disposal sites in Massachusetts, are also being collected and recycled under this contract.

All materials, including mercury from lamps are processed and recycled for re-use, except for certain hazardous materials which are incinerated at a licensed facility. The contractor will provide a certificate of recycling or destruction of the materials collected whichever is appropriate. All pricing below includes the cost of packaging and transportation.

Integrated Pest Management

Contract #: ST8J181 **OSD Update #**00-20
Expiration Date: **06/30/04 (w/three 12-mo. options to renew)**
Procurement Team Leader: **Kristal Doherty (617) 720-3128**
 Trevor Battle, DFA (617) 626-1775

Contract Summary: In conjunction with an Executive Order recently signed by the Governor, which requires all state agencies to use an **Integrated Pest Management (IPM)** approach to pest control, The Facilities PMT, in cooperation with the Department of Food and Agriculture, has established a statewide contract to provide IPM services.

This contract provides facilities with a pre-qualified list of contractors experienced in IPM from which to obtain pricing. IPM helps to reduce use of toxic pesticides through an integrated approach to pest control which pursues continuous monitoring, small scale maintenance to plug holes, examination of cleaning and trash services and any other activity which may affect the level of pest infestation.

Paint Collection Services

Contract #:	ST9J212
Expiration Date:	04/22/04
DEP Contacts:	Peggy Harlow (617) 292-5861 Lori Segall (617) 292-5704

Contract Summary: This contract is for the collection and recycling of surplus paint and related materials such as stains and thinners. Paint materials may be collected through municipal paint or household hazardous waste collection programs and by other public sector agencies who may have surplus paint materials from maintenance activities. Paint materials must be packed in cubic yard boxes, which are collected by a licensed hazardous waste hauler and transported to a paint recycling firm in Canada or a fuel blending facility in South Carolina.

Clean Harbors, Inc. is offering a **\$10 per box** price break for pick-ups of six or more boxes and **\$15 per box** price break for 10 or more. Clean Harbors will assess a **\$25 per item** handling charge for all non-paint related materials placed in a box destined for fuels blending.

Scrap Tire Disposal Services

Contract #: ST0J39S	OSD Update # 00-41B
Expiration Date:	02/28/04 (w/one 12-mo. options to renew)
OSD State Surplus Property Coordinator:	Paul Guerino (617) 720-3146

Contract Summary: This contract was established to provide Commonwealth agencies and political subdivisions with a means to recycle / remove scrap tires and tire shreds in an environmentally sound manner. Under the terms of this contract, such removal may be conducted in one of two ways:

- 1) The contractor may be requested to pick-up the tires or shreds from a Commonwealth location. In this situation, the contractor will remove, pack, make ready for shipment, and incur all freight costs with the transport of all tires (with or without rims) and tire shreds from each holding location. (A minimum of 1 ton of material is preferred in order to request this service).
- 2) A state agency or municipality may deliver the material to the contractor's facility. Here the agency or municipality will be responsible for the preparation of the weight slip and bill of lading so that the tires can be accepted by the contractor. It is also advised that a department contact the contractor prior to delivering scrap tires to the contractor's recycling facility.

Contractor Information

Contractor	Phone / Fax	Business Address	Recycling Address
J. P. Routhier & Sons, Inc.	Phone: (978) 772-4251 Fax: (978) 772-5528	256 Ayer Road Littleton, MA 01460	Willow Road Ayer, MA

Service Pricing

Unit Price if Contractor Removes Tires from Facility	Unit Price if Agency Delivers Tires to Contractor*
\$ 200 per net ton	\$ 160 per net ton

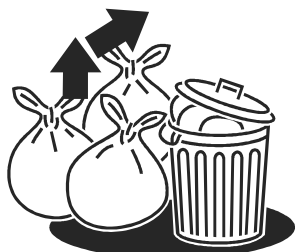

Net Ton = 2000 pounds.

**Important: Call first to be scheduled for drop-off.
Within a day or two is sufficient.*

How to Use this Contract: For complete details on either the process, including a description of the contractor's responsibilities and the terms and conditions of the contract, please consult the OSD Update at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=006777&dept_code=&cp_xx=.

Solid Waste and Recycling Services

Contract #: ST1J391	OSD Update # 01-28
Expiration Date:	02/13/04 (w/three 36-mo. options to renew)
Deputy Procurement Team Leader:	Michelle Bessler (617) 720-3139
OSD Environmental Contact:	Marcia Deegler (617) 720-3356

Contract Summary: This contract consists of a pre-approved list of contractors, each of whom offers waste collection and/or recycling services, ranging from the handling of a single material, to providing a broad array of waste management services. Please note that this contract does not cover hazardous materials or universal wastes such as fluorescent lamps. This contract does not include pricing as the PMT has determined that specific pricing for solid waste/recycling services across the state would have been impossible to determine. Departments are responsible for soliciting waste and recycling proposals from the approved list of contractors and negotiating pricing

based on the type and scope of services being requested.

How to Use this Contract: See the OSD Update on Comm-PASS for a list of vendors and their contact information at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=009242.

Surplus Office Disposal Services

Contract #: SSP02	OSD Update #02-03C
Expiration Date:	07/04 (w/one 12-mo. option to renew)
OSD Procurement Team Leader:	Michelle Bessler (617) 720-3139

Contract Summary: The purpose of establishing this contract is to assist agencies in the proper removal and disposal of office furniture and equipment that has been determined to be scrap and has already gone through the process of the State Surplus Property Office. In addition, the vendors awarded on this contract have agreed to research and utilize all means of recycling the various furniture items and/or parts prior to rendering it for disposal.

How to Use this Contract: See the contract on Comm-PASS for the details of the contract and a list of vendors and their contact information at http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=010741.
